(1) Whenever a petition is filed with the public officer by a public authority or by at least five residents of the town charging that any dwelling is unfit for human habitation or when it appears to the public officer that any dwelling is unfit for human habitation, the public officer shall, if a preliminary investigation discloses a basis for charges, issue and cause to be served upon the owner of and parties in interest in such dwellings a complaint stating the charges in that respect and containing a notice that an administrative hearing will be held before the public officer, or the officer's designated agent, at a place within the county in which the property is located. The hearing shall be not less than 10 nor more than 30 days after the serving of the complaint.

(2) The owner or any party in interest shall be given the right to file an answer to the complaint and to appear in person, or otherwise, and give testimony at the place and time fixed in the complaint. The rules of evidence prevailing in courts of law shall not be controlling in administrative hearings before the public officer.

(2) If the petition is filed by at least five residents of the town, notice of the hearing shall be given to at least one of the persons signing a petition relating to the dwelling.

The ordinance may fix a certain percentage of this value as being reasonable. The order may require that the property be vacated and closed only if continued occupancy during the time allowed for repair will present a significant threat of bodily harm, taking into account the nature of the necessary repairs, alterations, or improvements; the current state of the property; and any additional risks due to the presence and capacity of minors under the age of 18 or occupants with physical or mental disabilities. The order shall state that the failure to make timely repairs as directed in the order shall make the dwelling subject to the issuance of an unfit order under subdivision (4) of 160D-1203.
- b. If the repair, alteration, or improvement of the dwelling cannot be made at a reasonable cost in relation to the value of the dwelling, requiring the owner, within the time specified in the order, to remove or demolish the dwelling. appeal is filed with the officer, that because of facts stated in the certificate, a copy of which shall be furnished to the appellant, a suspension of the requirement would cause imminent peril to life or property. In that case the requirement is not suspended except by a restraining order, which may be granted for due cause shown upon not less than one day's written notice to the public officer, by the Board, or by a court of record upon petition made pursuant to G.S. § 160D-1208(f) and division (E) below.
